

Attention Architects and Experienced Architectural Documenters

About Detail 3:

Established in 2003, Detail 3 is at the top of the game when it comes to Architectural documentation and consulting with our services being high in demand. We believe in the power of collaboration, so much so we've built a business around it.

We're proud to offer architectural consultation, specialized staff on secondment and documentation support to each corner of the industry including top tier Architectural firms, corporate businesses and building professionals.

Our business is unique, allowing the opportunity to be involved with the leading players in the built environment, whilst becoming a part of a supportive and social team who are passionate about what they do.

About the role:

We are on the lookout for a for a talented individual to become a key member of our talented documentation and delivery team.

The ideal candidate will have a minimum of 7 years' experience working in the architectural industry and have a strong understanding of both design, documentation, and local construction knowledge.

The role will allow you to collaborate and work closely with some of the industry's most competent individuals and offers a great opportunity to expose your talents whilst being given an avenue to continue your growth both professionally and personally.

You will be a part of a vast array of project types varying in sizes and require you to be an integral member of a Revit based documentation and delivery team bringing your knowledge and skillset to the table on some of Melbourne's exciting construction projects.

The ideal candidate will be to fulfil a full-time role although there is opportunity for flexible working arrangements.

About You:

- A passion for the built environment and taking pride in producing high quality documentation and detailing
- Tertiary qualifications and industry related experience
- Exposure to multiple project typologies preferred
- REVIT proficiency essential, with knowledge of AutoCAD and other related software favourable
- Proven experience in architectural design documentation, with additional experience in interior's documentation considered favourable
- Ability to coordinate and understand consultant documents
- Knowledge of local Building Codes and Standards
- Enjoys variety and a challenge
- Ability to be adaptable and work in a collaborative environment
- Communicate in a friendly professional manner and be part of a like-minded team
- Fast track your career and develop your skills

What we offer:

At Detail 3 we are all about collaboration not only with our work, but with our people. We are a close-knit team offering a supportive working environment. Our culture and our people are the foundation of who we are, and we continually invest in professional and personal development to continually grow together.

The successful applicant will have the opportunity to work closely with our team of experienced architects and interior designers in a supportive and dynamic work environment. In addition, this unique opportunity provides exposure to a variety of projects and design methodologies by working with top-tier design firms in the Melbourne area.

If this sounds like that opportunity you have been waiting for, we would love to hear from you.

To apply please send your CV to d3@detail3.com along with a supporting covering letter.

All applications will be treated with complete confidentiality.
